Certificate of Structural Stability

Name of Owner:- ST. EZRA INTERNATIONAL SR. SEC. SCHOOL KHARAR

This is to certify that GGC has checked and analysed the design and the drawings provided by the client and found that the design was done as per relevant codes on the building that makes the structure safe . The material used were checked by NDT testing , workmanship and methodology employed for construction work are of accepted standards and the work is complete to render it fit for occupation for the intended use.

We are of the opinion that the existing building is in accordance with plans. The above mentioned Structure is structurally sound and recommended to use. Their stability will not be endangered by their use as an institutional purpose.

The above certification is valid for one year.
